

# 29TH MAY 2018

# THINKING THE FUTURE FOR ME

Young/ECR Forum for ME Research

- A free half-day cross-disciplinary symposium for current PhDs, postdocs and medical students.
- Aim to bring in new faces and new ideas to research into Myalgic Encephalomyelitis (ME) and build an international network of new biomedical research talent to assist and encourage researchers in the field of ME research
- An opportunity for developing collaborative biomedical research projects with others
- Research grant opportunity available for joint biomedical research project organised by network
- Refreshments and evening dinner is provided
- Register / Submit Abstracts by contacting us
